

Climate Responsible Events Worksheet

As the Town's next step towards improving waste reduction at special events, we are introducing the Climate Responsible Special Events (CRSE) program! Event holders who participate in the CRSE program are eligible for reduced climate responsible event fees and rebates to assist with costs incurred for meeting the new tier structure requirements. To qualify for the rebate, you'll need to complete this Climate Responsible Special Event Worksheet with your special event application. Post event, you will need to email your rebate request to specialevents@crestedbutte-co.gov with a copy of all receipts attached, and complete the post-event survey.

To view all required documents and additional resources, including the Climate Responsible Tier Requirements, Fees, Rebates, post-event survey and waste free toolkit, please visit the Town's website and click on Government to find the Special Events page.

For more information on reducing waste at your event, please refer to Sustainable Crested Butte's waste free tool kit on the Town's website.
